Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 8-21-2008 has been entered.

In the amendment dated 8-21-2008, claims 1, 22, 30 and 31 were amended. With claims 1-19, 21-28 and 30-31 pending in the application.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Goozner on 9-17-2008.

The application has been amended as follows:

Delete claims 30-31.

Allowable Subject Matter

Claims 1-19 and 21-28 are allowed.

The following is an examiner's statement of reasons for allowance:

Claim 1 recites, "providing output means associated with said sound receiving transducer, said output means being responsive to the sounds emitted by each of said first and second operational events; and employing a monitoring means to compare each of said received sound signals with pre-established data" for a combustion process. This feature, combined with additional claimed subject matter, overcomes the prior art of record.

Claim 22 recites, "said diagnostic tool comprising a sound receiving transducer coupled to output and monitoring means to identify, discriminate and log the acoustic signatures of each of said first and second operational events within the operating sequence of the appliance, said monitoring means being operable to compare each of said received acoustic signatures with pre-established data". This feature, combined with additional claimed subject matter, overcomes the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen J. Cherry whose telephone number is (571) 272-2272. The examiner can normally be reached on M-F 8:00-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, John Barlow can be reached on (571) 272-2269. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
